

EX-GOV. TERRELL IS LAID TO REST

Body Interred at Greenville Tuesday Morning. Impressive Funeral Services in Atlanta.

Atlanta, Ga.—Followed by a large concourse of mourning friends, the body of United States Senator Joseph M. Terrell was borne to his final resting place...

Governor Leads Procession. Shortly before the hour for the service a distinguished procession moved from the governor's office to the church, led by Governor Joseph M. Brown...

Members of the famous Ten Club formed an honorary escort about the casket of their late friend and close companion. They were Judge Beverly D. Evans, Dr. John E. White, Dr. C. W. Daniel, M. L. Brittain, Sam D. Jones, Walter G. Cooper and Frederick J. Paxon.

Many beautiful and artistic floral offerings were banked around the casket and filled the church with their fragrance as the golden afternoon sun filled it with a mellow glow...

A touching incident at the church was the presence of Howard Russell, among the colored friends of the former governor who passed by to take a last look at his beloved features...

Senator Terrell was great in the possession of simplicity, loyalty and love, he said; the simplicity that was without affectation and drew men to him; loyalty in that he never deserted a friend, and love that made all mankind his brother.

The strains of Scotch and Irish ancestry that met in him made him one of a powerful people whose influence in the evolution of the nation was hard to overestimate, continued the speaker.

From the church the funeral procession moved down Mitchell street to the Terminal station. Here the cortege formed a line for the passage of the casket, and hundreds in the waiting room stood uncovered as the body of the former senator passed.

Four brothers and the two brothers-in-law of the deceased were the pallbearers. They were Terrell, Terrell, Dr. E. B. Terrell, H. W. Terrell and W. A. Terrell, Hines Holt, of Columbus, and R. Spivey, of Greenville.

SEMI-ANNUAL MEET OF 11TH. DISTRICT DOCTORS

Waycross, Ga.—Monday the semi-annual convention of the Eleventh District Medical Association began a two-day session in this city. The program contained a number of important addresses by leading physicians of the district and state.

Escapes an Awful Fate. A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joliet, Ill., for her wonderful deliverance from an awful fate.

TOM E. WATSON LOST DEMURRER

Sale of McDuffie County Land to Augustan Brings About Court Case.

Atlanta, Ga.—Deciding against Thomas E. Watson in a suit brought to compel the performance of a contract of sale for 196 acres of land in McDuffie county which Watson contracted to sell to William K. Miller for \$4,312...

Mr. Watson in his demurrer to the petition set up that even if the alleged facts were true, it would not constitute a cause of action. The superior court of McDuffie county had sustained the demurrer, but the supreme court reversed this finding.

The record in the case shows that on January 27, 1906, Mr. Watson agreed in writing to sell William K. Miller 196 acres of land for \$4,312. Miller paid \$600 in cash and gave three notes for \$1,270 each, due in one, two and three years and bearing 6 per cent interest.

Previous Conveyance Discovered. Miller sold 18 acres to R. H. Willingham for \$500 and Watson joined in executing a deed, and later sold 93 acres to D. Farmer for \$27.50 per acre.

But when Mr. Farmer came to examine his title he found the record of a previous deed of gift for the land from Thomas E. Watson to the latter's infant granddaughter which deed purported to have been signed, sealed and delivered on April 29, 1907, or nine months before Mr. Watson sold the same land to Miller.

Mr. Watson explained the transaction in a letter dated July 18, 1909, by saying that the deed of gift had never really been delivered and was recited by inadvertence. As this deed constituted a cloud on the title, Watson agreed that Miller should institute proceedings at the March (1910) term of McDuffie superior court to remove the cloud from his title.

Efforts on the part of Miller to sell 60 acres of the land to S. H. V. Putt and Claude E. Young for the sum of \$2,120 upon the condition that valid titles could be made at the September term of court were blocked by the action of Watson, and Miller was unable to make title and the negotiations fell through.

Forcibly Takes Possession. The decision of the court recites that Mr. Watson on February 1, 1911, entered on the land he had sold to Miller, forcibly took possession thereof, put a lock on the door of one of the houses and notified Willingham and Farmer to vacate the premises or to pay the rent to him for the year 1911.

It was alleged by Miller that this constituted a breach of the bond, was an illegal trespass and as the land was worth \$35 to \$40 a month at this time, that Watson was indebted to Miller in the sum of \$7,000, and that Watson had further damaged him to the amount of \$5,000.

Miller stated he wanted the original agreement carried out and announced he was ready to pay the balance of the purchase price. The court held that under the circumstances he was not guilty of laches in failing to make this tender before bringing suit.

TAN CLEGHORN GIVES SELF UP

Rumors of Others Being Involved in Case of Death of Minnie Marchman.

Ashburn, Ga.—With the surrender of young Tan Cleghorn yesterday afternoon, the Marchman case took a new turn, and a brother-in-law of the supposedly poisoned girl admitted that they are now working on the theory that others were responsible for her death.

W. J. Cochran, the brother-in-law of Minnie Marchman, stated that he expected to develop something within the next few days, possibly to show that other persons were closely connected with the tragedy.

McHer Knew of Drug. It has been talked freely in the community that the girl took something to relieve her condition, and that Mrs. Marchman knew this. It has also been rumored that Cleghorn furnished it, whatever it was, but there is no substantiation of this.

It has been found, however, that Mrs. Marchman threw a bottle of some kind into the fire the day of the girl's death, which she admits, but says it was only an old "bill" bottle. No other trace of the presence of a drug has been found.

Surrender a Surprise. Cleghorn talked freely among his friends Monday, when he came to Ashburn after giving himself up in Amboy. His arrival here created a sensation and as he walked down the street with his nephew, there were scores of friends to shake his hand, glad that he had come back.

"I know absolutely nothing of the case, and I am innocent of all wrongdoing," he declared.

"I would not have harmed a single hair of Miss Marchman's head. She was not engaged to me. We were good friends, saw each other frequently, but that was all. As for the trip to Ashburn and poisoned fruit or candy—that is a rot. I never bought her any of either and saw her eat none."

As for running away, I went away some time before she was ill or died. I visited in Conyers and Buford. There have been a lot of lies told on me, but I can straighten them all out, and it is because I can "that I have returned."

"My Heart is Broken," Wrote the Girl. Ashburn, Ga.—As tending to show the despondency of Miss Minnie Marchman, a letter written by the girl to Tan Cleghorn on October 31, while he was at Buford, has been made public. The letter follows:

"October 31, 1913.—Mr. Tan Cleghorn, Kind Friend: I will drop you a few lines to let you hear from me. Say, Tan, you don't know how my heart is broken this morning to think how I have been treated. Say, Tan, I have heard something of you and myself the day we went to Ashburn, so come down home tonight if you can. I know you would like to know what is going on."

"Well, I will ring off for this time, as I haven't the heart to write much, so hope to see you soon. From your friend, MINNIE."

The following signed statement has been given out by Mrs. A. P. Spradley, who was the first to reach the girl when she was taken with convulsions: "Miss Minnie Marchman did not make any dying statement at all accusing any one of anything, and Cleghorn's name was not mentioned. I held the dying girl in my arms from the first convulsion until she died."

U. S. CAREFULLY GUARDS COAST FROM CHOLERA

Washington, D. C.—The United States Public Health Service is drawing tighter its lines of precaution on the Atlantic coast because of the appearance of cholera in the zone of the Balkan war. While Surgeon General Bland does not regard the danger to the United States grave at the present time, all vessels from the Mediterranean will be rigidly inspected.

GOV. COLQUITT DECLARES SELF FOR 'ABE' LINCOLN

Austin, Texas.—"I would rather resign the governor's office of Texas," said Gov. O. B. Colquitt, in a statement issued today, "than to have my children studying a textbook in our schools without Abraham Lincoln's picture in it, and I am the son of a Confederate soldier, too."

The state textbook board has been charged with a move to eliminate Lincoln's picture from a history. Gov. Colquitt denied absolutely that any member of the board had made any such suggestion.

HAD LIVED ON CRUSTS FOR NEARLY A MONTH

Aged Woman Found Emaciated and Unconscious in a Locked and Vacant House in Atlanta.

Atlanta, Ga.—When workmen went to repair a locked and vacant house at 45 Electric avenue yesterday afternoon they found an aged woman, emaciated and unconscious, lying on the bare, cold floor of one of the rooms, with a bundle of rags under her head for a pillow.

The woman was Mrs. Anna Tried, and she had almost starved to death, alone in the vacant house where she had crawled to die after hopeless efforts to obtain work or charity, she declares.

The astounded workmen who opened the house thought first that they had to deal with a murder, but when closer examination revealed the fact that the woman was still breathing, they called for an ambulance, and she was rushed to a hospital. It was there, in a warm bed, after stimulants had been poured down her parched throat that the woman was able to whisper out her story.

Mrs. Tried declared that she had had nothing to eat but a couple of crusts of bread in the past three weeks, and that it had been several days since she had even tasted a drop of water.

She had crawled into the vacant house when all but overcome by hunger, and knew only in a vague way how many days she had spent there.

The hospital authorities consider her story most remarkable, and the case is being investigated. It has been asserted time and again that there is no reason for any one, however poor, to suffer the actual pains of hunger in Atlanta. There are too many charitable institutions and too many charitably inclined individuals that, it has always been averred and oft-times proven.

Why Mrs. Tried was unable to avail herself of the ordinary aids of charity, whether she was too proud, or whether any one refused her, have not been ascertained, as she is still too weak to tell very many details of her tragic experience.

Salves Can't Cure Eczema

In regard to skin diseases medical authorities are now agreed on this: Don't imprison the disease germs in your skin by use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid.

WASH THE GERMS OUT. A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D.D.D. Prescription. This penetrates to the disease germs and destroys them, then soothes and heals the skin as nothing else has ever done.

A 50-cent bottle will start the cure and give you instant relief. We have made fast friends of more than one family by recommending this D.D.D. Prescription to a skin sufferer here and there, and we want you to try it now on our positive no pay guarantee.
